their craft jurisdiction to other City employees. Further, in cases of emergencies, overlapping, or ambiguous descriptions of work assigned to a particular craft or other City employees, there shall be no interruption of work.

The City will give special weight to the description of work to be performed by a particular craft, as contained in the current collective bargaining agreement between the craft union affiliated with the Cleveland Building and Construction Trades Council and the “outside” contractors association signatory thereto.

ARTICLE III
Management Rights

Section 1

Except as specifically limited herein, all rights are reserved to and remain vested in the City of Cleveland, including, but not limited to, the sole right to:

- a. Determine matters of inherent managerial policy, which include, but are not limited to, areas of discretion of policy such as the functions and programs of the City, standard of services, its overall budget, utilization of technology, and organizational structure.
- b. Direct, supervise, and evaluate or hire employees.
- c. Maintain and approve the efficiency and effectiveness of City operations.
- d. Determine the overall methods, process, means, or personnel by which City operations are to be conducted.
- e. Suspend, discipline, demote or discharge for just cause, or lay off, transfer, assign, schedule, promote, or retain employees.
- f. Determine the adequacy of the work force.
- g. Determine the overall mission of the City.
- h. Manage the work force.
- i. Take actions to carry out the mission of the public employer as a governmental unit.

- j. Contracting out. However, for contracting out which would result directly in the layoff of employees, the City shall follow the following process: Ninety (90) calendar days prior to such contracting out the City shall meet and confer with the affected unions/CBCTC on no less than a weekly basis and the City will disclose the nature, supervisory labor costs, and costs of the proposed contract. Where the City's primary objective is to achieve financial economy, improved operating efficiency, and/or better quality of service, the affected unions/CBCTC shall have the right to make an offer of a competitive alternative. If that alternative yields financial savings, improved operating efficiency, and/or better quality of service genuinely equivalent to or greater than those the City can achieve through contracting out, the City will accept the affected unions/CBCTC's alternative.

Should employees be subject to layoff as a result of the decision to contract out, the City will assign those employees to vacant positions within their crafts for which they are qualified or can be trained to become qualified within a reasonable period of time.

The City and the affected unions/CBCTC agree that if there is a disagreement regarding the above, including over the true value of the affected unions/CBCTC's competitive alternative, the affected unions/CBCTC will have the right to submit the issue of whether or not the affected unions/CBCTC's alternative "genuinely" meets or exceeds the City's objective to final and binding arbitration by requesting expedited arbitration with the Federal Mediation and Conciliation Service within fourteen (14) days of the expiration of the 90-day meet and confer period.

Upon request, the City will provide information to the affected unions/CBCTC regarding contracting out which entails bargaining unit work. Where the affected unions/CBCTC identifies either a significant increase in such contracting out or advertisements for bids for such contracting out, the affected unions/CBCTC may request and the City shall meet for the purpose of discussing alternatives to contracting out. However, for contracting out which would directly result in the layoff of employees, the City shall follow the process described above.

Section 2

The City will not be required to bargain on subjects reserved to the management and the direction of the governmental unit, except as effect wages, fringe benefits, hours, terms, and conditions of employment, and the continuation, modification, or delegation of an existing provision of a collective bargaining agreement.

Section 3

The City will provide notice of any proposed changes to the Policy and Procedure Manual. The unions have the right to convene a Labor Management Committee meeting for the purpose of discussing any such changes.

ARTICLE IV **Strikes**

Section 1 – Honoring Picket Lines

It shall not be a violation of this Contract, and it shall not be a cause for discharge or disciplinary action, if any employee refuses to enter upon any property involved in a primary labor dispute, refuses to go through or work behind any lawful primary picket line, or refuses to do work normally done by primary striking members of another Union, except that the City shall not be required to pay the wages during the period in question. In no case shall any employee refuse to do any work, regardless of the existence of a lawful primary labor dispute, if, in the City's judgment, such refusal would be detrimental to the public health or safety.

Section 2 – No Strike/No Lockout

There shall be no stoppage of work either by strike or lockout for the duration of this Contract. Violations of this paragraph may constitute an unfair labor practice, as determined and remedied by the State Employment Relations Board (hereinafter referred to as the "Board"). Further, it is agreed that in the event the employee (s) and/or the Union have committed an unfair labor practice, the City will not subsequently impose discipline, except as recommended by the Board.

Section 3 – Limited Right to Strike

The parties agree that upon expiration of this Contract, the dispute resolution procedure found in Ohio Revised Code 4117.14 shall apply.

ARTICLE V

Section 2 – Union Activities

All employees shall have the right to join the Union and to participate in lawful concerted Union activities. There shall be no discrimination, interference, restraint, coercion, or reprisal by the City against any employee because of Union membership, or because of any lawful activity in an official capacity on behalf of the Union, if performed in accordance with this Contract.

ARTICLE VI
Union Rights

Section 1 – Union Security and Checkoff

a. The City agrees that all employees in the Building Trades bargaining unit shall be either members of their craft union or be required to pay a fair share fee to their craft union as a condition of continued employment in accordance with the terms of revised Code 4117.09(B)(2). As provided by that statute, such fair share fee requirement shall become effective sixty (60) days following the beginning of employment.

b. The City will deduct all regular initiation fees, assessments, fair share fees, and monthly dues from the pay of employees in the bargaining unit covered by this Contract upon receipt from the Union of individual written authorization cards voluntarily executed by the member for that purpose and bearing his signature, or in the matter of fair share fee, written verification by the Union of non-membership of a bargaining unit member. Provided that -

 - ii) The City's obligation to make deductions shall terminate automatically upon timely receipt of revocation of authorization or upon transfer to a job classification outside the bargaining unit.
 - iii) The Union will indemnify and save the City harmless from any action growing out of deductions hereunder and commenced by an employer against the City (or the City and Union jointly).
 - iv) All deductions under this section, accompanied by an alphabetical list of all members for whom deductions of dues or fair share fees have been made, shall be transmitted to the Union no later than the fifteenth (15) day following the end of the pay period in which the deduction is made, and upon receipt, the Union shall assume full responsibility for the disposition of all funds which have been deducted and transmitted to the Union in accordance with this provision.
- c. The City will deduct all regular dues, fees and assessments for part-time employees and will provide regular reports to the Union as requested.

job- site. The steward may process grievances on the worksite and shall be governed and bound by all terms and provisions of this Contract, and shall not have standing or status other than as is set forth in this Contract. He may visit the job site for the purpose of investigating a grievance with prior notification and approval of the City's Labor Relations Office.

Section 3 – Union Visitation

Upon notice to the City's Labor Relations Representative, the Business Representative of the Union shall be permitted to enter the City's premises during working hours, but at no time shall such visitation interfere with the work requirements of any employee or disrupt operations in any way unless expressly permitted by the City.

Section 4 – Union Referral

ARTICLE VII **Labor Management Committee**

The Labor-Management Committee shall discuss the concerns of the various craft unions on Violence in the Workplace, Absenteeism, Tardiness Abuse, Safety Procedures (e.g., lockout/tag out), Motor Vehicle Accident Policy, Grievance Procedure, and other work-related policies not covered by this Contract. This discussion shall take place with regard for the City's operational needs, but as soon as is reasonably possible. The grievance shall be reduced to writing, which will include a summary of the underlying facts, the contract articles and sections violated, and the Grievant's signature, and shall be presented to the Commissioner or Appointing Authority or his designee within ten (10) working days of the event(s)-giving rise to said grievance. In the event there is a grievance based upon a jurisdiction, the discovery process is limited to ninety (90) calendar days. The Commissioner or Appointing Authority or his designee shall meet with the Union Representative and the grievant within five (5) working days from the date of receipt of the grievance in an effort to resolve the grievance. Within ten (10) working days after this meeting, the Commissioner or Appointing Authority or his designee shall give a written answer to the Steward and Union Representative. Each grievance shall be answered separately. The answer shall set forth in detail the settlement

reached between the parties and shall include the grievance number, grievant's name, and the date of the grievance hearing. Agreement on this settlement shall be noted by both parties, in writing, on the grievance answer. In the event the grievance is not resolved, the answer shall set forth in detail the reason or reasons for the denial of the grievance.

b. Step 1-A: Any disciplinary action involving suspension of eleven (11) days or more, or other disciplinary action which is appealable to the Civil Service Commission, may be appealed to that body, in accordance with its rules and regulations. An employee may choose to appeal such disciplinary action by filing either a grievance or appeal to the Civil Service Commission, but in no case, shall an employee be permitted to utilize both procedures. If an employee does not file a grievance within the seven (7) day time limit or files an appeal through both the grievance procedure and the Civil Service Commission, the employee shall be deemed to have chosen to appeal to the Civil Service Commission. Decisions of the Civil Service Commission are not appealable through the grievance procedure.

c. Step 2: If the grievance is not satisfactorily settled at Step One (1), it shall be presented in writing to the employee's Director or his designee within ten (10) working days of the receipt of the Step One (1) answer. Within five (5) working days thereafter, the Director or his designee shall meet with the Local Union Representative. Within ten (10) working days after the Step Two (2) meeting, the Director or his designee shall give a written answer, as defined in Step One (1), to the Local Union Representative.

d. Step 3: If the grievance is not satisfactorily settled at Step Two (2), it shall be presented in writing to the City's Labor Relations Representative, along with the initial grievance, Step 2 appeal, amendments to same, and Step 1 and 2 responses, with a copy to the affected Director or his designee, within ten (10) working days after receipt of the Step Two (2) answer. The City's Labor Relations Representative and the Union Representative will mutually

agree on a date for a meeting for the purpose of considering grievances. Within thirty (30) calendar days of the Step Three (3) meeting, the City's Labor Relations Representative shall give a written answer, as defined in Step One (1), to the Union Representative.

e. Step 4:

i. If the grievance is not satisfactorily settled at Step Three (3), the Union may, within thirty (30) calendar days in the case of grievances appealing an employee discharge, and within thirty (30) working days in the case of all other grievances, submit the matter to final and binding arbitration. The Union shall notify the City of its intent to arbitrate the grievance.

ii. Within ten (10) calendar days thereafter, the parties shall meet and attempt to mutually agree upon an arbitrator. If no agreement can be reached, the Union shall within ten (10) calendar days after the meeting, notify the Federal Mediation and Conciliation Service and the City at the same time of its intent to arbitrate the grievance.

The Union will provide the City with twenty-four (24) hours' advance notice of employees required to testify.

v. The parties may, by mutual agreement, choose to have a grievance involving suspension or discharge arbitrated on an expedited basis. The expedited arbitration will be conducted pursuant to the rules of the American Arbitration

Association, and the fees and expenses of such proceeding including those of the Arbitrator, shall be borne equally by the City and the Union.

vi In the event a grievance goes to arbitration, the arbitrator shall have jurisdiction only over disputes arising out of grievances as the interpretation and/or application and/or compliance with the provisions of this Contract, including all disciplinary actions. In reaching his decision, the arbitrator shall have no authority: (1) to add or to subtract from or modify in any way of the provisions of this Contract; (2) to pass upon issues governed by law; or (3) to make an award in conflict with law. The arbitrator shall issue a decision within thirty (30) calendar days after submission of the case to him.

vii In instances where the city objected to arbitration and the Union chose to proceed, the first (1st) question to be placed before the arbitrator will be that of arbitrability. If the arbitrator determines that the grievance is within the purview of arbitrability, the grievance will be heard on its merits before the same arbitrator.

viii All decisions of arbitrators and pre-arbitration grievance settlements reached by the Union and the City shall be final, conclusive and binding upon the City, the Union and the employees, Provided, that a grievance may be withdrawn by the Union at any time during the Grievance Procedure and the withdrawal of any grievance shall not be prejudicial to the positions taken by the parties as they relate to that or any other grievance.

ix Grievances not timely filed by either party will result in denial of the grievances. Grievances not timely processed or answered within the ten (10) working day period shall result in the grievance advancing to the next step. For purpose of this section, timeliness is counted as working days from the date of the incident or the date

expressed on the face of either the answer or the appeal notice, as applicable. Extensions of time limits shall be by mutual agreement and must be verified in writing and signed by both parties. The date of occurrence of the event causing time to run is not counted in the time limit. ADDENDUM A

The following named Unions, by their authorized agents, do hereby execute the within Contract between the City of Cleveland and the Cleveland Building and Construction Trades Council, and do agree that for the purposes this Contract, the prevailing wage rate for the craft positions recognized in this Contract that apply to City of Cleveland employees shall be eighty percent (80%) of the top gross hourly rate negotiated by the Cleveland Building and Construction Trades Council and its constituent Unions and their respective contractor organizations, effective November 15, 1996 and any future increases thereafter.

It is understood that the current agreement applicable to such craft positions in “outside employment” is established by a series of separate agreements and that the rates applicable to craft positions with the City of Cleveland shall be in accordance with those rates, as contained in those separate agreement, and any subsequent agreements negotiated by the craft locals making up the Cleveland Building and Construction Trades Council during the term of this Contract. It shall be the duty of the Executive Secretary of the Cleveland Building and Construction Trades Council to furnish to the City of Cleveland an agreed memorandum setting forth the rates for all classifications affected by this Contract and that the City will abide by adjustments in those rates at appropriate times, as called for in the separate agreements, copies of which will be provided to the City upon request. All wage increases will be paid to employees within sixty (60) days of the City’s receipt of the memorandum for the Executive Secretary.

A tradesman hired as an emergency employee shall receive no negotiated benefits contained herein, nor shall he/she receive less than one hundred percent (100%) of the prevailing hourly wage rate, or the top gross hourly rate of his/her particular trade or the period employed by the City. However, the City agrees, to the extent permitted by law, to make contributions on behalf of temporary employees to union health & welfare and pension funds. The 100%

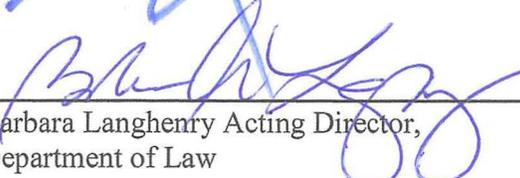

prevailing wage paid to temporary employees will be reduced by the contributions made on their behalf to union health & welfare and pension funds. The parties will establish payment schedules pursuant to this provision. Each of the various unions will indemnify and hold harmless the City for any and all liabilities, claims, or actions brought against, or assessed against, the City arising out of the City's timely contributions to union health & welfare and pension funds under this provision, and also including but not limited to any withdrawal or related liabilities or assessments arising under the Multi-Employer Pension Plan Amendment Act, such as "withdrawal liability," including any legal fees, cost, and expenses.

The City agrees that it will vigorously enforce the applicable prevailing wage rate laws.

ADDENDUM B

Drug Testing

All employees who are required to be randomly tested under law (e.g. Department of Transportation regulations regarding employees required to have a Commercial Driver's License who drive vehicles in excess of 26,000 pounds), and all employees in Safety Sensitive Positions shall be subject to random drug/alcohol testing. Additionally, an employee involved in any accident resulting in personal injury or one thousand dollars (\$1,000.00) or more of property damage shall submit to post-accident drug/alcohol testing. The determination of the amount of property damage is to be based upon the supervisor's reasonable estimate, which will be subject to the grievance and arbitration procedure. Such testing shall be conducted in accordance with the DOT procedures. Further, when there is a reasonable suspicion to believe that an individual employee is using illegal drugs or alcohol at work or is under the influence of drugs or alcohol at work, such employee will be directed to report to a City-designated physician or medical clinic, on City time and at City expense, for a fitness-for-duty examination. Both random examinations and reasonable suspicion examinations are conducted for the purpose of determining the presence of illegal drugs or alcohol in the employee tested. An employee who is directed to submit to such examinations shall report to a City-designated physician or medical clinic, on City time and at City expense. The City's Manager of Labor Relations, or his designee, shall approve all drug/alcohol testing. This testing will include possible urine, blood, or Breathalyzer exams as determined by the appropriate medical personnel. An employee who refuses to submit to drug/alcohol testing under the provisions herein shall immediately be charged with insubordination and will be suspended pending discharge. An employee who fails a drug or alcohol test for the second time during his/her employment with the City shall be discharged immediately by the City.

An employee may be referred to fitness-for-duty screening if at least one (1) supervisor has a reasonable suspicion that the employee is then under the influence of alcohol or a controlled chemical substance. The circumstances supporting an allegation warranting reasonable suspicion testing shall be reduced to writing signed by the supervisor, and copies to the employee and Union prior to testing. The demand for a urine, blood or breath specimen should be based only upon specific/objective facts and reasonable inferences drawn from those facts in light of experience that the employee is then under the influence of drugs or alcohol. In addition, employees may be referred for mandatory urine, blood, or breath, for drug and/or alcohol screening under the following circumstances:

- (a) A disciplinary probation for employees who have violated the City's drug and alcohol rules; or
- (b) For employees returning from leaves of absence if they have given management a reason to suspect possible illegal drugs and/or alcohol abuse. Possible reasons to suspect substance abuse include, but are not limited to, a history of excessive absenteeism not related to a specific illness, documented evidence of deteriorating job performance or of aberrant behavior in the six months immediately preceding the leave of absence or documented involvement with drugs off the job.

An employee shall be entitled to have a Union representative present before testing is administered unless a Union representative is unavailable when the test is to be conducted and any further delay will potentially compromise the validity of the test results. As concerns urine samples for drug testing, employees to be tested will undergo an initial screening (EMIT) test. For any positive results, a confirmatory test employing the gas chromatography/ mass spectrometry (GC/MS) test will be used. The City will ensure that there is a continuous chain of custody of any sample taken from an employee. Specimen collection will occur in a medical setting. The testing procedures should not demean, embarrass or cause physical discomfort to employees. Altering or switching a specimen sample for a drug/alcohol test, or otherwise

refusing to follow the established testing procedure and/or guidelines, shall be grounds for immediate suspension pending discharge.

The results of any drug or alcohol screening test will be kept strictly confidential. An employee who tests positive for drugs and/or alcohol will have the opportunity to review the test results and, if desired, a reasonable opportunity to rebut the results. Copies of test results shall be given to the City and to the individual tested. Where urine, blood or other samples have been taken, the two samples will be preserved for a reasonable period of time and tested employees will have the opportunity to take one of these samples to a reputable physician or laboratory of their choosing for retesting.

Employees who may be drug or alcohol dependent are encouraged to voluntarily seek professional assistance through a reputable treatment program. The City's EAP program can provide counseling and referral. All records of an employee seeking medical rehabilitation for a drug or alcohol problem, either through EAP or otherwise, will be kept strictly confidential. Voluntary assistance should be sought before dependence affects job performance so as to endanger fellow employees, the public or otherwise adversely impact on the employee's ability to perform his or her job duties.

Participating in the EAP program does not supplant the normal discipline and grievance procedure. An employee subjected to disciplinary charges which include substance abuse on the job will be given access to the drug or alcohol screening results, the ability to privately test the blood, urine or other samples at an independent lab and the opportunity to rebut any allegation of chemical abuse. Any charging letter issued to an employee which includes allegations of substance abuse on the job shall list the basis upon which it was determined that there was reasonable cause to believe the employee was using drugs or was under the influence of drugs or alcohol.

Any employee found to have positive screens for drugs or alcohol must be given medical clearance by a qualified physician acceptable to the City before returning to work. Such employees may also be subject to additional random testing for a period of up to two years.

An employee shall be deemed to have failed an alcohol test if:

- (1) The person has a concentration of three -hundredths of one percent or more by weight of alcohol in his blood;
- (2) The person has a concentration of three -hundredths of one gram or more by weight of alcohol per two hundred ten liters of his breath;
- (3) The person has a concentration of 4.5 -hundredths of one gram or more by weight of alcohol per one hundred milliliters of his urine.

The City is not responsible for any legal obligations and costs for claims based on the Union's duty of fair representation.

The Union shall be indemnified and held harmless by the City for any violation of an employee's constitutional, common law, or statutory rights.

ADDENDUM C

THE CITY OF CLEVELAND, INJURY PAY PROGRAM

City of Cleveland employees who are injured on the job often suffer economic hardship because of the limitations such injuries impose upon their ability to earn a living. The City of Cleveland recognizes that it is in the best interest of the injured employee, his or her family, and the City to help the injured worker recover from the injury and return to work. In an effort to lessen the hardship generated by on the job injuries. The City of Cleveland institutes the following Injury Pay Program (the "Program"). Accordingly, City employees injured in the course of their employment where the injury or disability is compensable under the Worker's Compensation Laws of the State of Ohio will be eligible to participate in the City's Injury Pay Program as defined below.

- (1) Participation in the Program is at the employee's option;
- (2) As a condition of eligibility for the Program, an employee must report his/her illness or injury to the appropriate managerial authority within twenty-four (24) hours of the incident of illness or injury, and complete the Employee Report of Work Place Accident Form, EI-4/A.C.28;
- (3) As a condition of eligibility for the Program, the employee must decide whether to participate in the Program at the time he/she reports the illness or injury;
- (4) An employee who participates in this Program will receive treatment, including physical therapy, if necessary, only from the Program physician(s);
- (5) Program physicians will be selected by the City;
- (6) The Program physician will determine whether the employee may return to work on full duty, whether a transitional work assignment is appropriate, or whether the injured employee is incapable of performing even a transitional work assignment;
- (7) **Paid Injury Leave:** While participating in the Program, whether not working or participating in a transitional work program, employees will be paid their regular rate of pay and receive their full benefits package for up to sixty (60) calendar days from the date of injury, or for the length of the transitional work assignment which is limited to 13 weeks;

- (8) **Emergency Injuries:** Any employee who sustains a work related emergency/trauma injury (i.e., a life threatening or, severe bodily injury) may be treated at any medical treatment facility to which emergency medical personnel transports him/her. However, once the emergency medical provider determines it is medically appropriate the employee's care will be assigned to a Program physician for all subsequent medical care.
- (9) **Worker's Compensation:** At the expiration of the paid injury leave granted, if the employee is still unable to return to work, the employee may elect, in writing, to use accumulated sick leave and/or seek weekly payment under the applicable provisions of the Worker's Compensation Act and the Industrial Commission. The employee, *not the City*, is responsible for completing and filing any and all forms that may be required to process either election.
- (10) **Non Participating Employees:** Injured employees who choose not to be evaluated by the Program physician or who choose not to follow the Program physician's recommended program, may go to the physician of their choice, and are not entitled to any Program benefits. Notice of intent not to participate in the Program must be given at the time the injury report is filed by the affected employee. An employee's failure to provide said notification in a timely manner may subject the employee to disciplinary and/or legal action. Any and all work-related injury claims will be processed through and conform with the Worker's Compensation Act.
- (11) **Job Rights:** An employee working in a transitional work assignment will be compensated at his/her regular rate of pay. With regard to the rights of other employees, the employee in the transitional assignment will be deemed not to be working out of classification. The program physician shall specify, as part of an affected employee's rehabilitation program, the date upon which an employee in the program may fully resume his or her normal work duties. Upon an employee's resumption of his or her full normal duties, the affected employee's transitional work assignment shall be terminated.
- (12) **Overtime:** An employee working in a transitional work assignment will not be eligible to claim overtime in his/her native bargaining unit. After the transitional work assignment is over and the employee returns to work in his/her normal classification, the employee shall not have any claim to overtime because of overtime time opportunities that may have been lost while the employee was working in the transitional work assignment. In other words, the employee will be placed in the same position relative to other employees on the overtime equalization chart that he/she occupied at the time of the injury.
- (13) **Transitional Work Assignments:** Transitional work assignments will be identified by the Departments, and/or Divisions who have appropriate tasks available, and/or the Program physician(s), and/or the Bureau of Workers' Compensation Rehabilitation divisions. It is not the intent of this section to require Departments or Divisions to provide transitional work above that

identified, nor is a Departments or Division required to provide transitional work where no such appropriate tasks have been identified and recognized;

- (14) **Injuries Lasting More Than One Year:** Any employee who is unable to return to work within one (1) calendar year from the date of injury will be subject to the appropriate *Leaves of Absence* language in the collective bargaining agreement that covers the employee's native bargaining unit;
- (15) **Forms and Acknowledgment:** As a condition of eligibility for the benefits offered by the Program, employees will be required to complete all forms required by the City, including a form acknowledging the employee has received, understands, and agrees to comply with the provisions of the Program;
- (16) **Abuse:** Any employee who does not fully cooperate with the mandates of the Program and/or the Program physician's recommended program, including any mandated treatment, medication, therapy, and/or transitional work assignment will be dropped from the Program immediately and will immediately forfeit any future claim to Program benefits;
- (17) **False and or Fraudulent Claims:** In the event the City finds that an employee who has received or is receiving Paid Injury Leave has filed a false or misleading claim, has worked in violation of his/her medical restrictions, or is working in violation of his/her medical restrictions, the City reserves the following rights: (1) the right to discharge or otherwise discipline the employee; (2) the right to recoup the full worth of all wage and/or benefits payments rendered to the employee; and (3) where lawful, the right to seek civil damages from, or criminal prosecution of the employee;
- (18) **Modification:** The City reserves the right to modify the Program. The Program will not be modified without prior discussion with the Union.
