Winter Program Registration Form

CITY OF CLEVELAND
Mayor Frank G. Jackson

Welcome!

Dear residents,

Beginning this past summer, you may have seen a series of new program offerings at the City of Cleveland's rebranded Neighborhood Resource & Recreation Centers. This is more than just a name change. We are expanding programming to more holistically serve local families.

We are moving away from traditional recreation center programming because sports alone – although they serve an important purpose – are not sufficient to properly prepare our children to be successful adults. Real intervention and opportunities can help our young people, help build stronger families and develop healthy neighborhoods. The changes are part of my strategic plan to address the root causes of violence and toxic stress by promoting wellness and resiliency, especially for young people.

What do these changes mean for you? In this program guide, you will see a wider variety of offerings from traditional favorites like football and basketball to new programs like ACT/SAT prep, STEM workshops and job readiness programs. Some programs will require registration and some will not.

In 2018, the City of Cleveland began to equip Neighborhood Resource & Recreation Centers with trained Trauma-Informed Care staff and social workers who provide year-round center-based resources, programs and activities. In addition, the city is completing an assessment of all recreation centers. This will mean renovations at existing centers and construction of new facilities to replace aging infrastructure. The first new construction will be the John F. Kennedy Neighborhood Resource & Recreation Center.

The goal of all of these changes is to provide better intergenerational programming that strengthens our neighborhoods. One of the many ways my administration is able to support that goal is by expanding the scope of opportunities to our residents, especially our youth and young adults.

We hope to see you at your Neighborhood Resource & Recreation Center soon!

Sincerely,

Frank G. Jackson
Mayor, City of Cleveland

Welcome from the Mayor

Mission Statement

We are committed to improving the quality of life in the City of Cleveland by strengthening our neighborhoods, delivering superior services, embracing the diversity of our citizens, and making Cleveland a desirable, safe city in which to live, work, raise a family, shop, study, play and grow old.

CITY OF CLEVELAND
Mayor Frank G. Jackson

WELCOME

FROM THE MAYOR'S OFFICE

My office has been tasked with carrying out the Mayor's vision to provide our residents – especially our youth and young adults – with access to opportunities that will strengthen our neighborhoods as a whole. The newly introduced array of programs listed in this guide are one of the important first steps in that direction.

In this guide, you'll see offerings that demonstrate a greater focus on providing residents with access to resources to holistically better themselves and, as a result, their neighborhoods. Whether that is by exposing youth to performing arts or teens to post-secondary education options or helping the formerly incarcerated with career counseling, this marks a big shift in the mission and function of our recreation centers.

We hope to see you soon at your local Neighborhood Resource & Recreation Center!

Sincerely,

Tracy Martin-Thompson

Chief, Mayor's Office of Prevention, Intervention and Opportunity for Youth and Young Adults

FROM THE DIRECTOR

For years, the City of Cleveland's Division of Recreation has provided recreational facilities for residents of all ages. Part of our mission includes offering our youth a safe space outside of school, as well as a place for seniors to stay physically active. With the exciting transition to Neighborhood Resource & Recreation Centers and the addition of new and expanded programs, we look forward to better serving the overall wellness of our residents.

Our centers will provide programs and resources in youth & adult education; job & career readiness; health & wellness; and youth development, mentorship, leadership & community service. This is in addition to popular activities in sports, recreation and the arts.

The Department of Public Works, which oversees the Division of Recreation, is proud to help facilitate Mayor Frank G. Jackson's goal to improve the quality of life in our neighborhoods through this comprehensive approach. As we continue to improve our service and our facilities, we look forward to serving even more of our residents.

Sincerely,

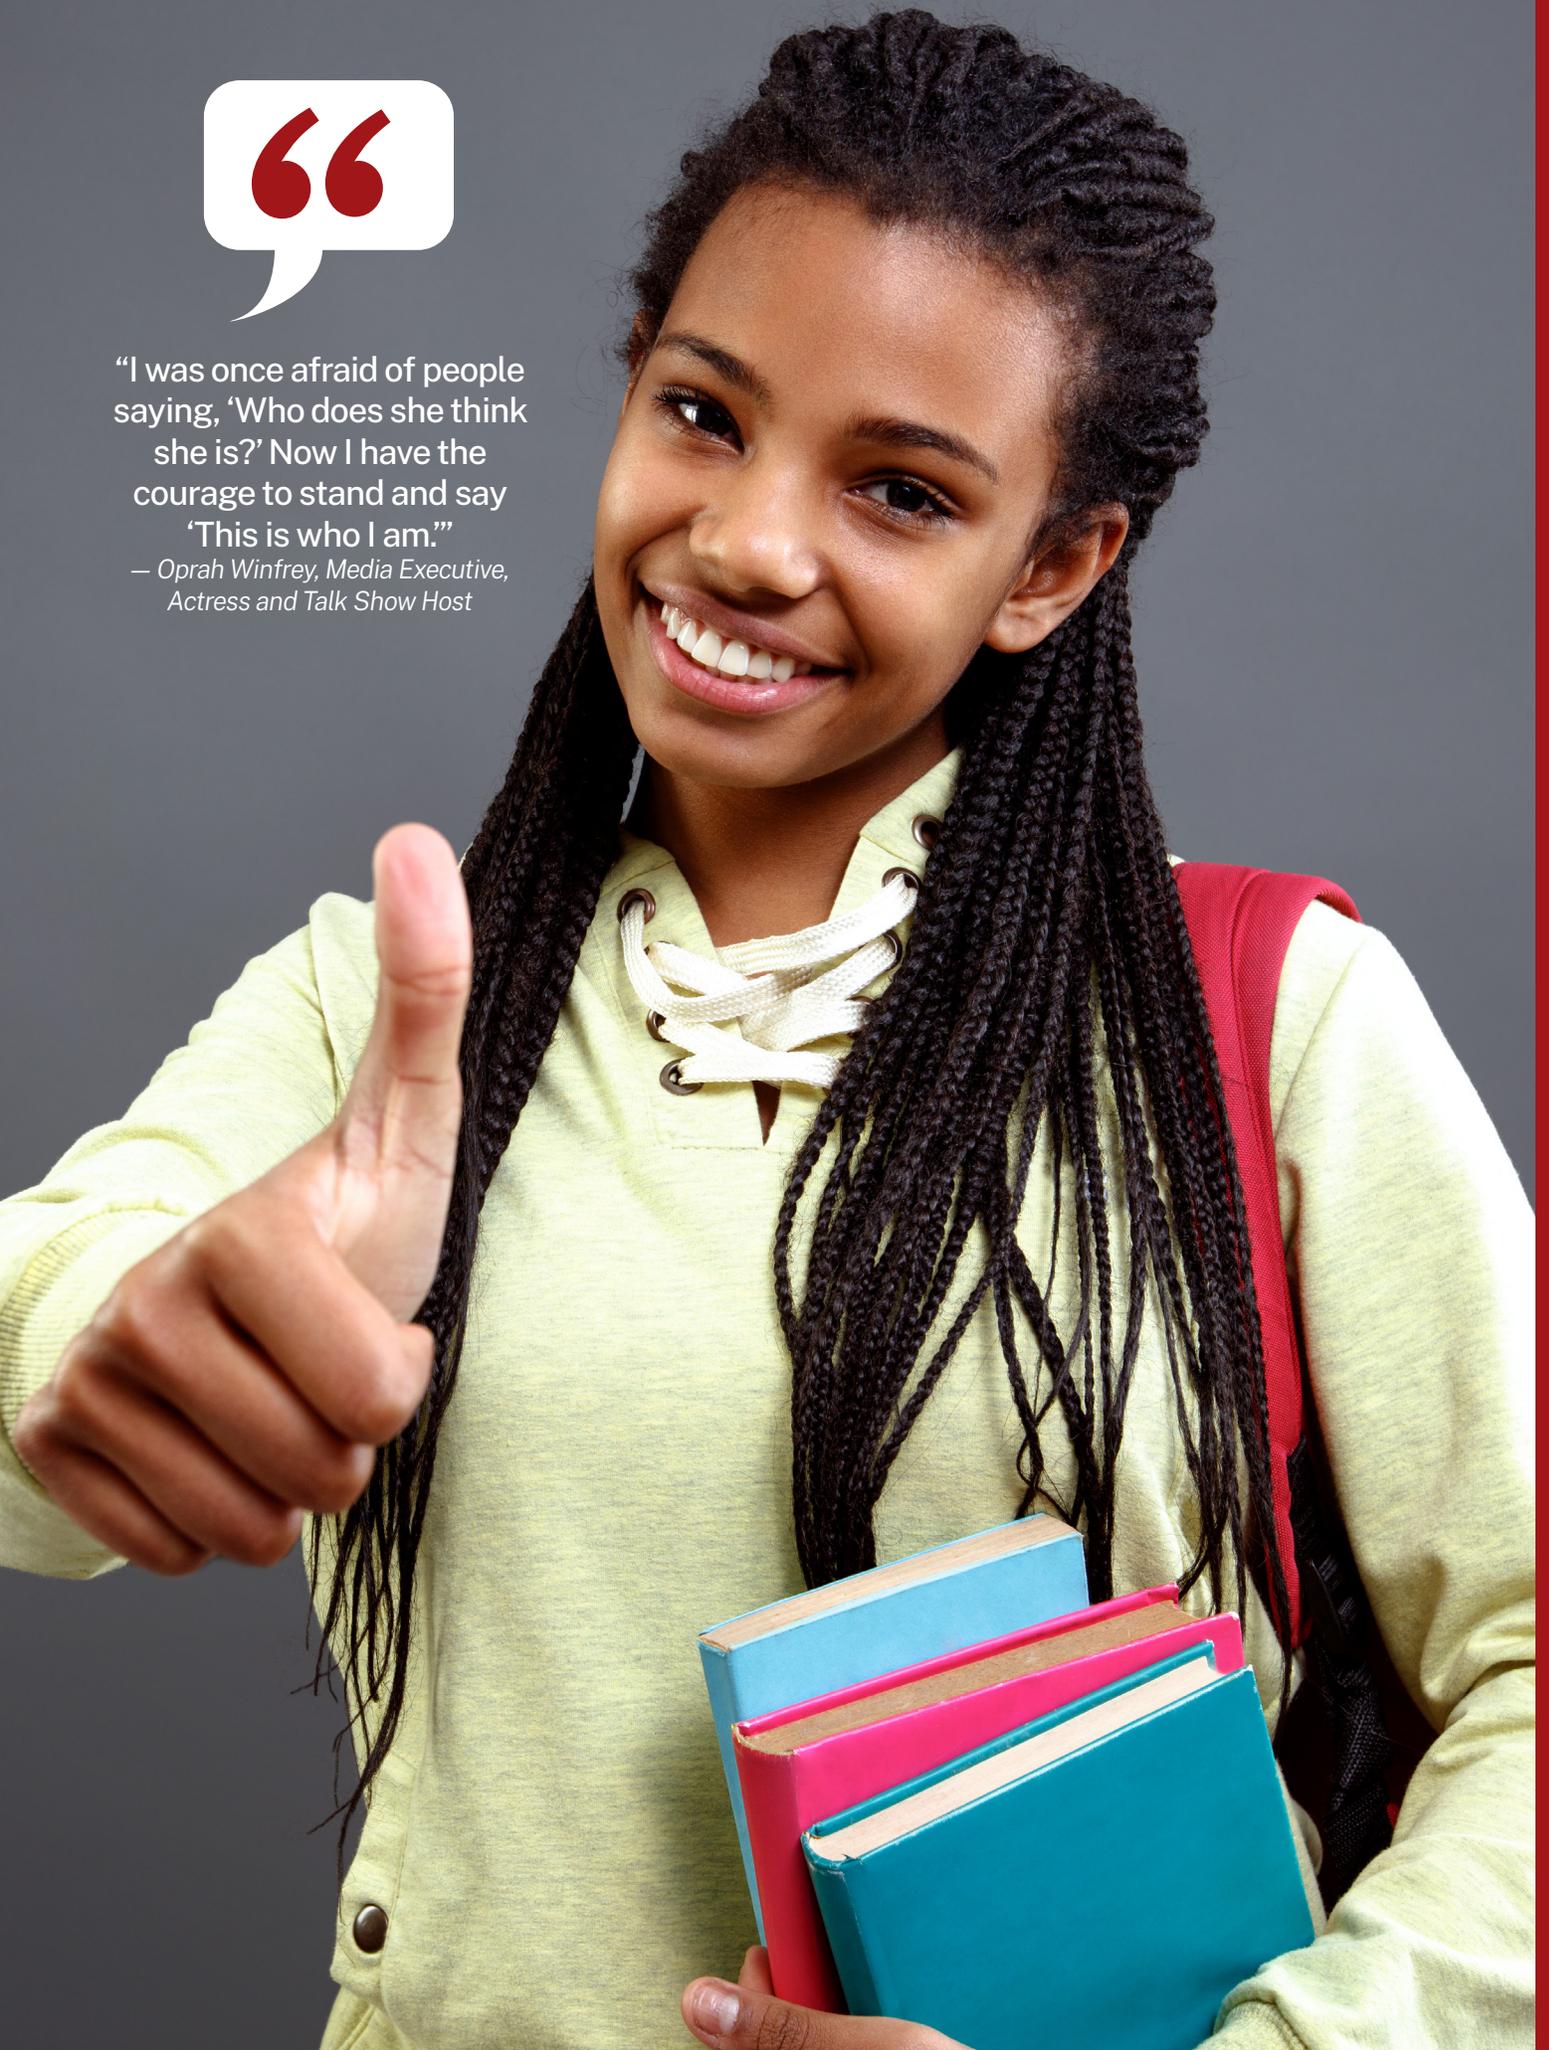

Michael Cox, Director

City of Cleveland, Public Works
