ENERGY SAVING TIPS

- Set your thermostat as low as comfortable.
- Check for drafts around doors, outlets, and windows, and caulk or insulate if possible.
- Install tight-fitting plastic sheeting to cover the inside of windows.
- Make sure the fireplace damper is closed unless in use. If you never use your fireplace, plug and seal your chimney flue.
- Turn off the lights when you are not using them.
- Close the doors to rooms not being used to conserve heat.
